

PVC Coated Expanded Metal Mesh Panels Anti-Slip Easy Install

Our Product Introduction

for more products please visit us on wire-metalmesh.com

Basic Information

- Place of Origin: China ANPING YUDA
- Brand Name: Anping Yuda Mesh Co.
- Model Number: Expanded Metal Mesh
- Minimum Order Quantity: 100 Meters
- Price: Communicate again according to product specifications
- Packaging Details: Thin mesh packed in rolls, thicker ones on trays
- Delivery Time: 3-10days
- Payment Terms: T/T,L/C,D/P
- Supply Ability: 200000 Meters/ day

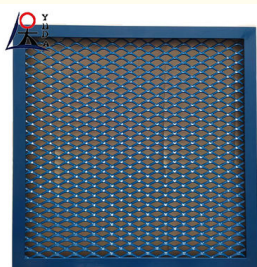

Product Specification

- Product Name: Expanded Metal Mesh
- Key Words: Easy To Process
- Material: Low Carbon Steel /stainless Steel / Aluminum/copper/nickel Plate Etc.
- Hole Shape: Diamond, Square, Round, Triangle, Fish Scale Hole
- Surface Treatment: Galvanized / PVC Coated
- Thickness: 0.1 - 8mm Or Custom
- Mesh Hole: Custom
- Length: Custom
- Width: Custom
- Color: Silver, White, Blue, Red, Etc.
- Highlight: **sprayed expanding metal sheets, sprayed 4x8 metal mesh sheets, Anti Slip pvc expanding metal sheets**

Product Description

Sprayed PVC Aluminum / Steel Expanding Metal Sheets Panels

Product Attributes

Attribute	Value
Product Name	Expanded Metal Mesh
Material	Low carbon steel / stainless steel / aluminum / copper / nickel plate etc.
Hole Shape	Diamond, square, round, triangle, fish scale hole
Surface Treatment	Galvanized / PVC Coated
Thickness	0.1 - 8mm or custom
Color	Silver, white, blue, red, etc.

Product Features

Strong anti-slip properties for enhanced safety

Easy to process and install with custom sizing available

Available in multiple materials including aluminum and steel

Customizable hole shapes and patterns

Durable surface treatments including PVC coating

Product Description

Expanded Metal Mesh is manufactured through a specialized expanding press process where the base metal is simultaneously slit and cold-formed. This creates uniform diamond-shaped openings surrounded by interconnected metal bars, resulting in a strong yet lightweight material.

Our expanded metal mesh offers **excellent corrosion resistance** and is available in thicknesses ranging from 0.15mm to 15mm. The material maintains high structural integrity while providing cost-effective solutions with low maintenance requirements.

Applications

Expanded metal mesh is widely used across multiple industries including:

Construction and architecture

Transportation industry components

Agricultural equipment

Security barriers and machine guards

Flooring and walkways

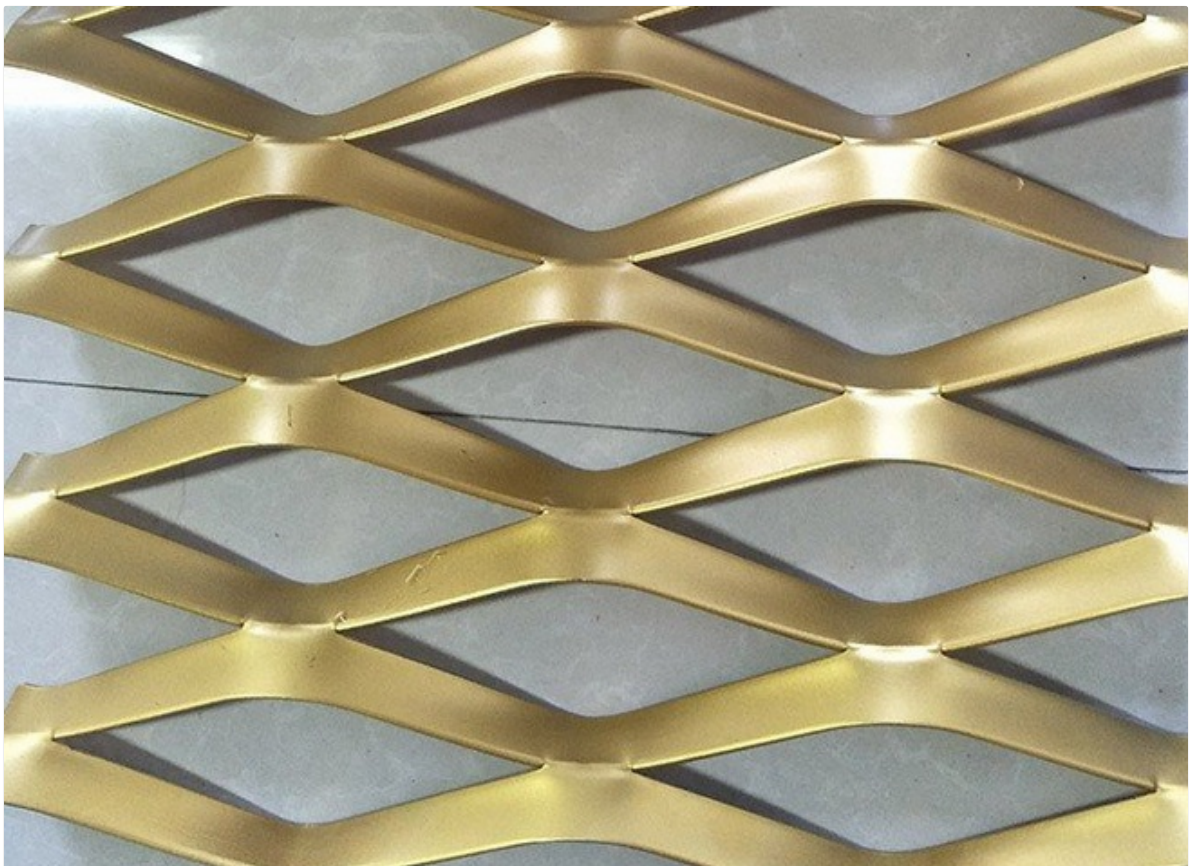

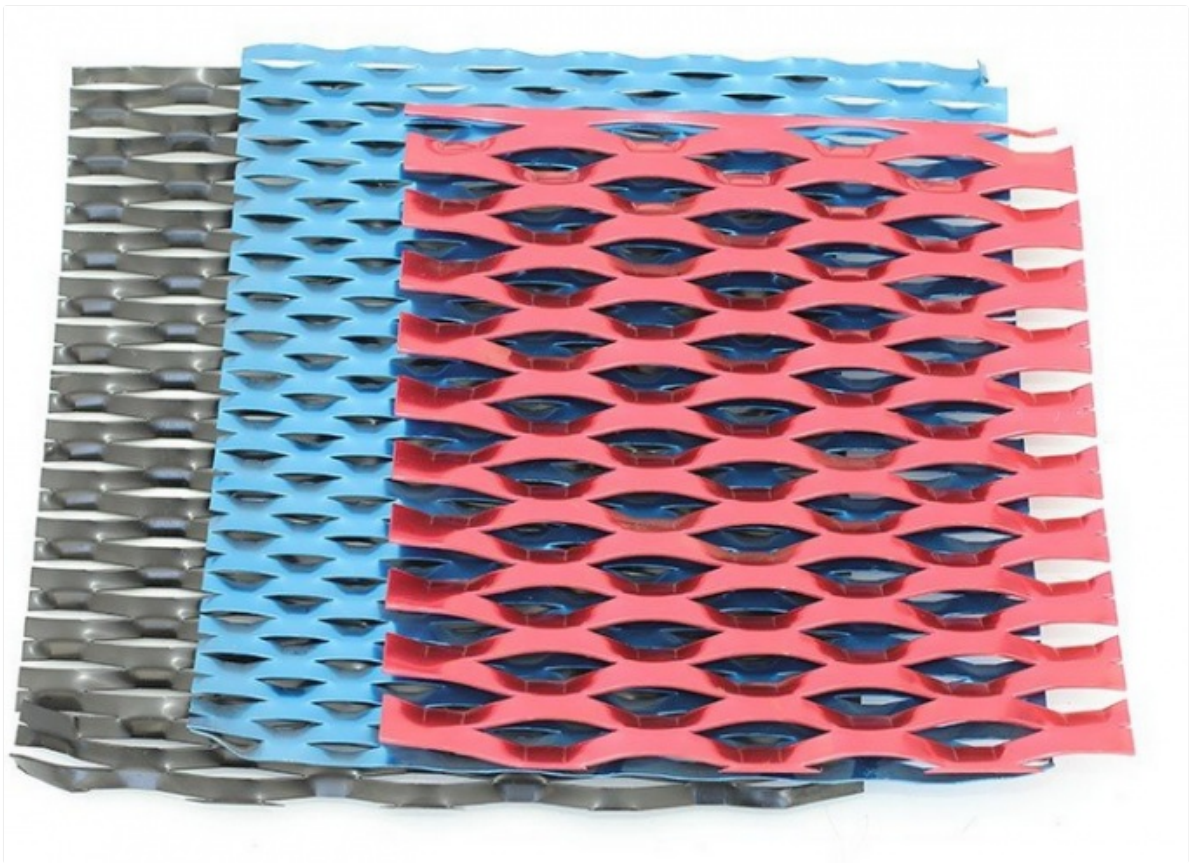

Interior design elements

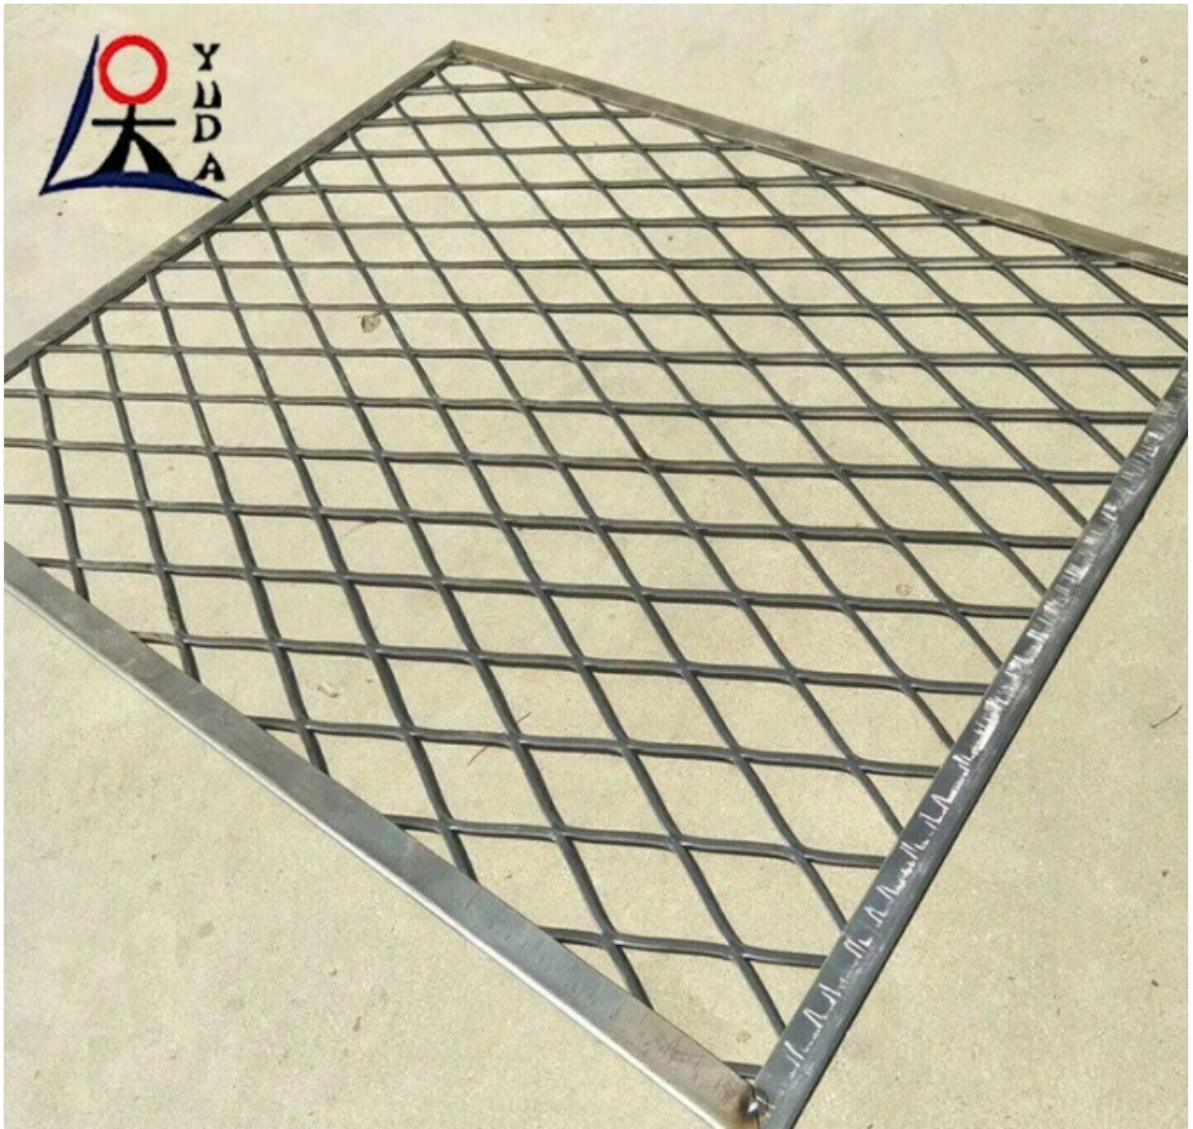

Packaging & Customization

Samples are available upon request. All products are packaged with waterproof materials, protective plastic, and secure wooden cases to ensure safe delivery. We offer complete customization including hole patterns, dimensions, and surface treatments to meet your specific requirements.
