

## 4ft 6 Ft 8ft 10 Ft Galvanized Chain Link Fence Netting Chain Link Cyclonic Mesh

### Our Product Introduction

for more products please visit us on [wire-metalmesh.com](http://wire-metalmesh.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: YUDA
- Model Number: Chain link fence
- Minimum Order Quantity: 10 roll
- Price: Determined by size and quantity
- Packaging Details: Customized according to buyer's requirements
- Delivery Time: 3-10 day
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 roll/ day

#### Product Specification

- Product Name: Chain Link Fence
- Key Words: Pvc Coated Chain Link Fence
- Material: Low-Carbon Iron Wire
- Application: Fence Mesh,Sport Field
- Frame Material: Metal
- Surface Treatment: PVC Coated,Hot Dipped Galvanized,Electro Galvanized
- Hole Shape: Diamond
- Width: 2m Or As Your Requirement
- Highlight: 4ft Chain Link Fence,  
4ft chain link fence netting ,  
6 Ft Chain Link Fence

## Product Description

### 4ft 6 Ft 8ft 10 Ft Galvanized Chain Link Fence Netting Chain Link Cyclonic Mesh

chain link fence is also named diamond wire mesh with the diamond opening. It is made with various metal wires weaving by chain link fence machine. Our chain link fence materials are available in stainless steel, galvanized, and PVC coated wire. They are normally used in gardens, sports yard, industrial sites, houses, roads and events for crowd control.

Gouhua Net has a stable mesh structure that is not easily deformed and can withstand various complex environments.

Whether used for sports field fencing, playground fencing, or livestock farm protection, it can demonstrate its strong resistance to pressure.

Gouhua Net adopts special metal materials and surface treatment technology, which has strong weather resistance and can withstand harsh weather conditions such as high temperature, severe cold, strong wind, rain and snow. It is not easy to age, deform or damage after long-term use.

Environmentally friendly and pollution-free: Hook flower nets do not produce harmful substances during production and use, and are pollution-free, meeting the environmental requirements of modern society.

Easy to install: The hook net is easy and convenient to install, and can be freely spliced, adjusted in size and shape according to needs. It is suitable for various complex terrains and places, saving installation time and costs.

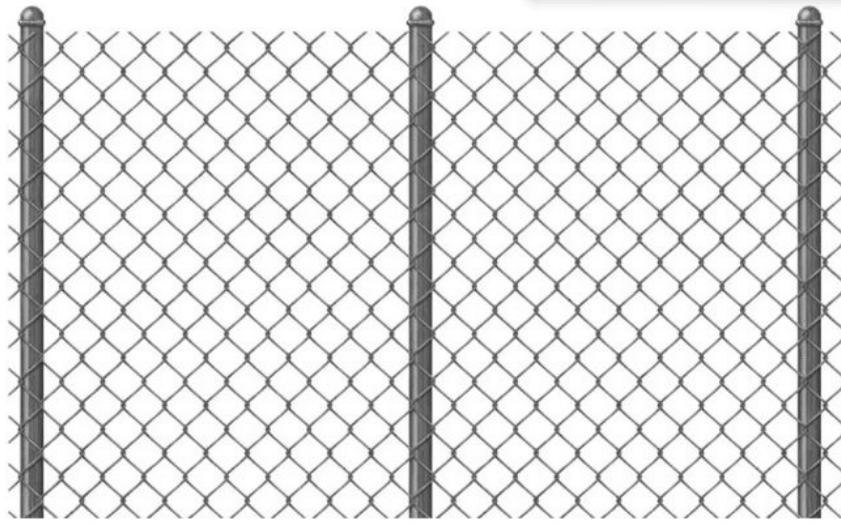

Low maintenance cost: The hook net structure is sturdy, durable, not easily damaged, and has low maintenance cost. It can be used for a long time without frequent replacement or repair.

Gouhuawang can customize according to customer needs, such as changing colors, sizes, shapes, etc., to meet the needs of different places and purposes, increase product added value and competitiveness.

Chain link fence is made of woven steel wire, which is one of the most commonly used and versatile of all the fencing fabrics. It is normally available in a variety of wire gauges and mesh sizes to suit individual applications. All chain link rolls come complete with line wires and with knuckled edges. Barbed (protruding) edges increase the security of the fencing and are available to order.

Material	Galvanized steel wire
Height	0.5m-6m
Length	4m-50m
Mesh Opening	20*20mm, 50*50mm, 60*60mm, 80*80mm etc
Wire diameter	1.0mm-6.0mm
Technique	Woven
Post & rail diameter	32mm, 42mm, 50mm, 60mm, 76mm, 89mm etc
Post & rail thickness	1.5mm, 2.0mm, 3.0mm, 4.0mm, 5.0mm etc
Post type	Round post, angle post, square post, etc
Edge type	Knuckle type, twist type, special type
Surface treatment	Electric galvanized, hot dipped galvanized, PVC coated
