- Surface Treatment: Galvanized
- Usage: Building Construction
- Shank: Smooth Shank
- Highlight: 2.5 inches hot dipped galvanized nails,  
2.5 inches galvanized finishing nails,  
hot dipped galvanized finishing nails

## Product Description

### 2.5 Inches Hot Dipped Galvanized Nails Price Bulk Nails

#### Hot dipped galvanized nails characteristics

Corrosion resistance: The main feature of galvanized nails is its excellent corrosion resistance. The galvanized layer can block the direct contact between the nail and the external environment, so as to effectively reduce the erosion of oxygen, moisture and other corrosive substances on the nail and extend the service life of the nail.

#### Hot dipped galvanized nails specifications
