

## Concrete Steel Nails Size 3 Inches Types Galvanized Or Stainless Steel

### Our Product Introduction

#### Basic Information

- Place of Origin: CHINA
- Brand Name: YUDA
- Model Number: Nails
- Minimum Order Quantity: 2 Ton
- Price: US \$550.00 - 680.00/ Ton
- Packaging Details: Customized according to buyer's requirements
- Delivery Time: 3-10 day
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 Ton/ day

#### Product Specification

- Product Name: Concrete Steel Nails
- Key Words: Types Of Concrete Nails
- Surface Treatment: Galvanized Or Stainless Steel
- Usage: Building Construction
- Material: Low Carbon Steel
- Sample: Free Sample
- Highlight: **galvanized black steel nails, galvanized concrete steel nails, 3 inches black steel nails**

## Product Description

### Concrete Steel Nails Size 3 Inches Types Of Concrete Nails

#### Concrete steel nails material

Carbon steel: Carbon steel concrete nails are an economical and practical option. Carbon steel has high strength and rigidity and is suitable for general construction projects. However, carbon steel is susceptible to corrosion, so when exposed to wet or corrosive substances, protective measures such as anti-corrosion coatings or galvanizing treatments may be required.

#### Concrete steel nails specifications

Length	1"-6"
Shank type	smooth,spiral
Head style	Flat,Mushroom
Packaging	box,carton,pallets

#### Concrete steel nails theory

The surface of the concrete nail usually has a rough texture or thread, which helps to increase the contact area between the nail and the concrete, providing greater friction. Through the action of friction, concrete nails can resist the slip or movement of the structure to ensure its stability.
