## Product Description

### Hardened Steel Concrete Nails Concrete Nails 1 Inch 2 Inch

#### concrete nails advantage

- 1.Strong holding capacity: Concrete nails provide strong holding capacity through mechanical anchoring principles and interaction with concrete. They can resist structural slippage, movement or displacement to ensure the stability of the structure.
- 2.Easy installation: The installation of concrete nails is relatively simple, usually only need to drill a hole in the concrete in advance, and then insert the nail into the hole, and fixed by the appropriate anchoring method. The installation process of concrete nails is faster and more efficient than other fixing methods.

#### concrete naill packaging details

N.W. 1kg/plastic bag, 25bag/carton  
N.W.25kg/carton  
N.W.50kg/gunny bag  
N.W. 1kg/box, 25box/carton.
