

## Heavy Duty 9 Gauge Galvanized Cyclone Wire Mesh Chain Link Fence Panels With Fittings

Our Product Introduction

for more products please visit us on [wire-metalmesh.com](http://wire-metalmesh.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: YUDA
- Model Number: Chain link fence
- Minimum Order Quantity: 10 roll
- Price: Determined by size and quantity
- Packaging Details: Customized according to buyer's requirements
- Delivery Time: 3-10 day
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 roll/ day

### Product Specification

- Product Name: Chain Link Fence
- Key Words: Pvc Coated Chain Link Fence
- Material: Low-Carbon Iron Wire
- Application: Fence Mesh,Sport Field
- Frame Material: Metal
- Surface Treatment: PVC Coated,Hot Dipped Galvanized,Electro Galvanized
- Hole Shape: Diamond
- Width: 2m Or As Your Requirement
- Highlight: **9 Gauge Chain Link Fence, 9 Gauge chain link fence panels, Heavy Duty Chain Link Fence Panels**

## Product Description

### Heavy Duty 9 Gauge Galvanized Cyclone Wire Mesh Chain Link Fence Panels With Fittings

**Structural stability:** The hooked mesh has the characteristics of stable grid structure and not easy to deform, which enables it to maintain a stable shape in various environments and adapt to various complex application scenarios.

**Good reliability:** The hook net is durable and not easily affected by factors such as oxidation and corrosion, so it can be used for a long time. This reliability gives the hook net a significant advantage in situations that require long-term use.

**High aesthetics:** The hook flower net has a beautiful and elegant design, which can well meet the aesthetic needs of users. The characteristics of uniform mesh, flat mesh surface, and simple weaving also make the crochet net more visually attractive.

**Elasticity and toughness:** Hooked mesh has elasticity and toughness, can withstand large tensile and impact forces, and is not easy to break. This makes the hook net widely used in security protection, fence construction, and other fields.

**Corrosion resistance and aging resistance:** after special treatment, the crochet mesh has the characteristics of aging resistance and corrosion resistance, which can resist the erosion of materials in harsh environments and extend its service life.

**Strong practicality:** The hooked flower net has a wider width and thicker wire diameter, making it suitable for fence construction of various sizes and shapes. Its simple and easy-to-use characteristics also make the installation and maintenance process of the hook net more convenient.

PVC Coated Chian Link fence Dimension			
Mesh	Wire Diameter	Width	Length
40mmx40mm	2.8mm--3.8mm	0.5m--4.0m	5m-25m
50mmx50mm	3.0mm--5.0mm	0.5m--4.0m	5m-25m
60mmx60mm	3.0mm--5.0mm	0.5m--4.0m	5m-25m
80mmx80mm	3.0mm--5.0mm	0.5m--4.0m	5m-25m
100mmx100mm	3.0mm--5.0mm	0.5m--4.0m	5m-25m
Surface treatment	Min	Max	
Electro Galvanized	15g/m*m	25g/m*m	
Hot dip galvanized	30/m*m	366g/m*m	
PVC/PE Coated	400microns	1000microns	

Chain Link Fence	
Color	Dark Green, White or custom
Material	Low carbon steel wire, Stainless steel wire, Aluminum alloy wire
Surface Treatment	Electro galvanized, Hot-dipped galvanized, PVC coated
Wire Diameter	1.2 - 2.4mm, 1.6mm - 4.2mm, 2.0mm-5.00mm
Mesh Size	25mm, 40mm, 50mm, 57mm, 60mm, 64mm, 67mm, 75mm, 100mm
Roll Length	0.50m - 100m(or more)
Roll Width	0.5m - 5.0m
Note	Materials and specifications can be customized

Twist Type

Barb / Barb Selvedge

Twist type on the top and knuckle type on the bottom

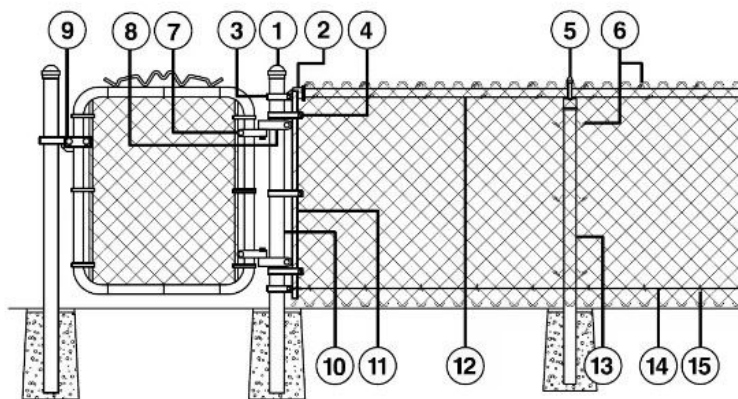

Knuckle / Barb Selvedge

Knuckle type

Knuckle / Knuckle Selvedge
