

Durable Steel Walkway Steel Grating / Metal Grid Walkway Customized Car Park Drainage

Our Product Introduction

for more products please visit us on wire-metalmesh.com

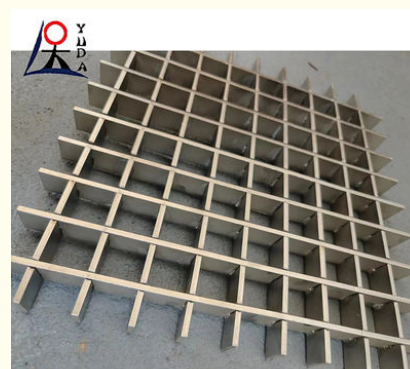

Basic Information

- Place of Origin: China
- Brand Name: Yuda
- Certification: IOS
- Model Number: steel grating
- Minimum Order Quantity: 10pieces
- Price: \$10/m2
- Packaging Details: tray
- Delivery Time: 3-10days
- Payment Terms: T/T, L/C, D/A, D/P, Western Union, MoneyGram,
- Supply Ability: 5000pieces/day

Product Specification

- Product Name: Steel Grating
- Key Words: Factory Customized Car Park Drainage
Durable Steel Grating Walkway Steel Grating
- Finish: Untreatment / Galvanized
- Thickness: 1-5mm
- Cross Bar Size: 6mm
- Grating Size: 1m X 5.8m
- Highlight: Customized Walkway Steel Grating,
Car Park Walkway Steel Grating,
Customized metal grid walkway

Product Description

Factory Customized Car Park Drainage Durable Steel Grating Walkway Steel Grating

Steel grating is a kind of grid structure plate made of steel. It consists of horizontal and vertical interwoven steel bars or steel bars, forming a surface that is strong and has open holes.

Drainage Channel Specifications

Bearing bar size	Bearing bar pitch	Cross bar pitch	Weight kg/sqm
25x3	30	50	10.26
25 x 5	30	50	14.74
32 x 3	30	50	11.84
32 x 5	30	50	17.90
40 x 3	30	50	14.37
40 x 5	30	50	21.50
45 x 5	30	50	27.34
50 x 5	30	50	26.03
55 x 5	30	50	29.15
65x5	30	50	33.80

Steel grid plate features

- 1: High strength, light structure
- 2: Strong anti-corrosion ability, durable
- 3: Beautiful appearance, bright surface
- 4: no dirt, no rain, no water, self-cleaning, easy to maintain
- 5: ventilation, lighting, heat dissipation, anti-slip, explosion-proof

Specification

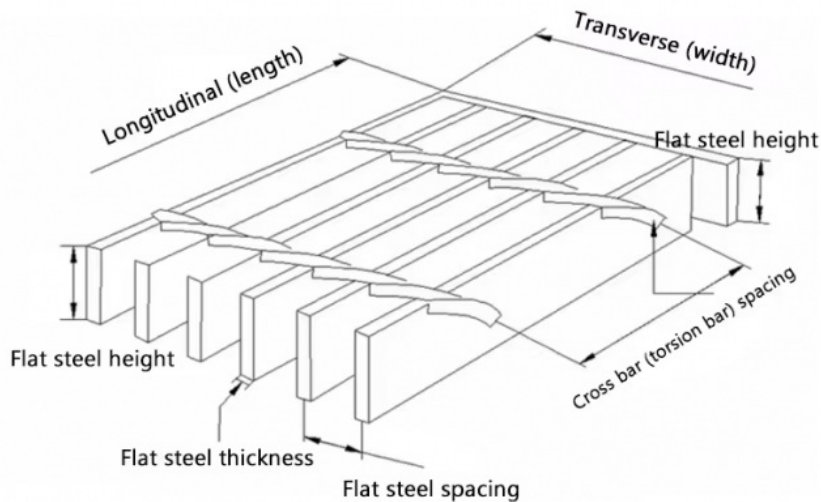

Product Name	Steel Grating
Warranty	5 years
Surface Treatment	Galvanized/Painted
Application	platform ,trench cover ,stair treads,etc
Place of Origin	Shandong China
Size	Customized

Material	Q235/345/A36/SS400
Steel grating standard	China: YB/T 4001.1-2007(YB/T4001-1998) U.S.A: ANSI/NAAMM(MBG531-2000) UK: BS4592-1:1995 Australia: AS1657-1992
Project Solution Capability	graphic design, 3D model design, total solution for projects, Others

Press-Locked Steel Grating – Common, Integral, Louver, Heavy Duty

Press-locked steel grating also can be called pressure locked grating, it is made of low carbon steel or stainless steel. With the performance of high bearing capacity, non-slip, anti-corrosion and easy to install and remove, pressure locked grating is widely used for ceilings, platforms, floors, fence and all kinds of cover in the factories, civil and commercial buildings

Exhibition Drawing Of Steel Grating Structure

Steel grid plate has the following characteristics:

Strength and durability: Steel grid is made of high-strength steel with excellent compressive and tensile strength, able to withstand heavy loads and long-term use.

Anti-corrosion: steel grid plate is often galvanized or hot-dip galvanized to improve its corrosion resistance and extend its service life.

Variety: Steel grids can be customized according to specific needs and application scenarios, including different hole sizes, shapes and finishes.

Easy installation: The steel grid plate can be installed by welding, clamping or bolted, etc., with high installation flexibility.

When using steel grids, the appropriate specifications, materials and surface treatment should be selected according to the specific needs and application scenarios. In addition, the relevant installation guidelines and safety regulations should be followed to ensure the correct installation and use effect.
