

14 Gauge PVC Coated Barbed Wire Galvanized Decorative Barbed Wire Roll

Our Product Introduction

for more products please visit us on wire-metalmesh.com

Basic Information

- Place of Origin: CHINA
- Brand Name: YUDA
- Model Number: Barbed wire
- Minimum Order Quantity: 10 roll
- Price: Determined by size and quantity
- Packaging Details: Customized according to buyer's requirements
- Delivery Time: 3-10 day
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 roll/ day

Product Specification

- Product Name: Barbed Wire
- Key Words: Barbed Iron Wire
- Surface Treatment: Galvanized,PVC Coated
- Razor Type: Cross Razor,Single Razor,barbed Wire
- Sample: Free
- Barb Distance: 7.5cm-15cm
- Barb Length: 1.5cm-3cm
- Coil Diameter: 450mm-900mm
- Highlight: 14 Gauge barbed wire roll ,
Galvanized coated barbed wire,
PVC Coated 14 gauge barbed wire

Product Description

14 Gauge PVC Coated Barbed Wire Galvanized Decorative Barbed Wire Coil Roll

Barb Wire, also known as a barbed net or barbed wire, barbed wire, or barbed wire, is a defense device twisted by a fully automated barbed rope machine. Its main raw material is high-quality low-carbon steel wire, which is made through surface treatment processes such as electroplating, hot-dip galvanizing, coating, and spraying. It has multiple colors such as blue, green, and yellow.

Barbed wire, also known as barb wire, less often bob wire or, in the southeastern United States, bobbied wire, is a type of steel fencing wire constructed with sharp edges or points arranged at intervals along the strand(s). It is used to construct inexpensive fences and is used atop walls surrounding secured property.

Barbed wire is a kind of modern security fencing materials fabricated with high-tensile wire. It can be installed to achieve the result of frightening and stopping to the aggressive perimeter intruders, with piecing and cutting razor blades mounted at the top of the wall, also the special designs making climbing and touching extremely difficult.

Barbed wire not only have powerful defensive functions, but their unique appearance also leaves a deep impression on people, making them a practical and beautiful protective device. Its history can be traced back to ancient times, when it was mainly used for military defense and hunting. With the passage of time, its application scope gradually expanded and became an indispensable part of modern society.

Barbed Wire Specification				
Type	Wire Gauge (SWG)		Barb Distance (cm)	Barb Length (cm)
Electric Galvanized Barbed Wire; Hot-dip zinc plating barbed wire	10# x 12#		7.5-15	1.5-6
	12# x 12#			
	12# x 14#			
	14# x 14#			
	14# x 16#			
	16# x 16#			
	16# x 18#			
PVC coated barbed wire; PE barbed wire	before coating	after coating	7.5-15	1.5-6
	1.0mm-3.5mm	1.4mm-4mm		
	BWG11#-20#	BWG8#-17#		
	SWG11#-20#	SWG8#-17#		
PVC/PE coating thickness: 0.4mm-0.6mm; Different colors or length are available at customers request. Weight of packing in coil: 10kg/coil, 15kg/coil, 20kg/coil, 25kg/coil, 30kg/coil as standard.				

FAQ

1. Why choose us?

We have rich experience of wire mesh fence products, and have quality control department, so please trust us, we will be your best choice.

2. How is wire mesh priced?

Pricing for wire mesh is based upon quantity required. Generally speaking, the larger the quantity you request, the better pricing per unit you will receive. The most common way pricing is provided is by the square foot. Abbreviated as SQFT, square foot pricing multiplies the width of the piece or roll of mesh by the width of the piece or the roll.

3. Is shipping included in the price?

Unless otherwise stated, pricing does not include shipping costs. As a rule, when pricing is provided, delivery is considered FOB Origin.

4. Minimum order

We do our best to maintain one of the lowest minimum order amounts in the industry. Our low minimum order is ideal for research and development projects, prototypes and small quantity requirement.
