Product Description

Polyethylene Outdoor Sun Shade Fabric 300gsm Greenhouse Plastic Shade Net

Product Specifications

Attribute	Value
Product Name	Sun shade net
Shade Rate	30%-95%
Weight	30gsm-300gsm or custom
Width	1m-6m or custom
Length	Custom length available
Technics	Woven
Usage	Home, Garden, Decorative, Outdoor, Beach, Seat

Premium Sun Shade Fabric Features

Our high-quality polyethylene shade net is UV-stabilized with added antioxidants for enhanced durability. Available in multiple colors and styles to complement any outdoor space while providing functional benefits.

Key Applications

- Agricultural protection and shading
- Greenhouse temperature regulation
- Bird control and windbreaking
- Dust control and construction safety
- Temporary fencing and packing applications

Performance Benefits

**Light & Temperature Control:** Reduces direct sunlight, lowers light intensity, and regulates crop growth environment temperatures.

**Crop Enhancement:** Improves photosynthesis efficiency, increases dry matter accumulation, and reduces pest occurrences.

**Extended Growth Periods:** Protects crops from summer heat damage, reduces water evaporation, and prolongs productive growth cycles.

**Durability:** 3-5 year lifespan with UV protection (0.30% UV content) for long-term performance.

Technical Specifications

Material	Knitted HD Polyethylene with UV Protection
Standard Colors	Dark green, black (custom colors available)
Denier	200D~550D
Standard Sizes	Width: 1m-6m   Length: 50m-100m (custom sizes available)
