

## Galvanized Steel Grating 30x3mm for Industrial Drainage Covers

### Our Product Introduction

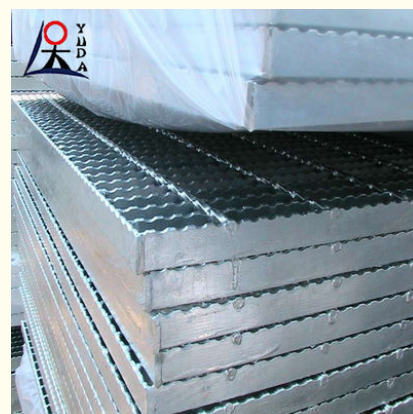

#### Basic Information

- Place of Origin: China
- Brand Name: Yuda
- Certification: IOS
- Model Number: steel grating
- Minimum Order Quantity: 10pieces
- Price: \$10/m2
- Packaging Details: tray
- Delivery Time: 3-10days
- Payment Terms: T/T,L/C,D/A,D/P,Western Union,MoneyGram,
- Supply Ability: 5000pieces/day

#### Product Specification

- Features: High Strength, Anti-corrosion, Anti-slip, Easy To Install
- Product Name: Steel Grating
- Key Words: Hot Sell Metal Building Materials Hot Dipped 30 X 3mm Galvanized Steel Grating
- Material: Mild Steel
- Use: Industry
- Crossing Rod: 6mm X 6mm
- Width: 0.3-1.5m
- Bearing Bar Type: Plain Type, Serrated Type, I Bar Type
- Highlight: **Drainage Ditch Steel Grating,  
Drainage Steel Grating Cover,  
Rain Water Steel Grating**

## Product Description

### Drainage Grating/Rain Water Grating/Drainage Steel Grating Cover

#### Product Specifications

Attribute	Value
Product Name	Steel Grating
Material	Mild Steel
Use	Industrial
Crossing Rod	6mm x 6mm
Width	0.3-1.5m
Bearing Bar Type	Plain Type, Serrated Type, I Bar Type

#### Key Features

- High strength construction for durability
- Hot-dip galvanized for corrosion resistance
- Anti-slip surface for safety
- Easy to install and maintain
- Excellent ventilation and drainage properties
- Available in various sizes and configurations

#### Product Description

Our steel grating is manufactured by crossing flat steel and horizontal bars (twisted square steel, square steel, round steel, or flat steel) at precise intervals, welded into a durable square grid pattern. Ideal for gutter covers, platform plates, and stair treads, our gratings offer superior strength and longevity.

#### Material & Construction

Made from high-quality galvanized Q235 steel, our gratings feature:

- Hot-dip galvanized surface for oxidation protection
- Professional welding for structural integrity
- Stable protective film for corrosion resistance
- Anti-slip performance in all weather conditions

#### Technical Specifications

Parameter	Options
Material	Galvanized steel / Stainless steel
Surface	Plain / Serrated
Bearing Bar	Flat bar
Cross Bar	Twisted bar / Flat bar / Round bar
Dimensions	Customizable length and width
Bearing Bar Depth	25-60mm
Bearing Bar Thickness	3-5mm (customizable)
Bar Pitch	30×30mm, 30×50mm, 30×100mm (customizable)

#### Frequently Asked Questions

##### Are you a manufacturer?

Yes, we have 20 years of industry experience in steel grating production.

##### How much is the sample?

We provide free samples when you cover the shipping costs.

##### How to get a quotation?

Provide your requirements including size, quantity, and destination port for a prompt quote.

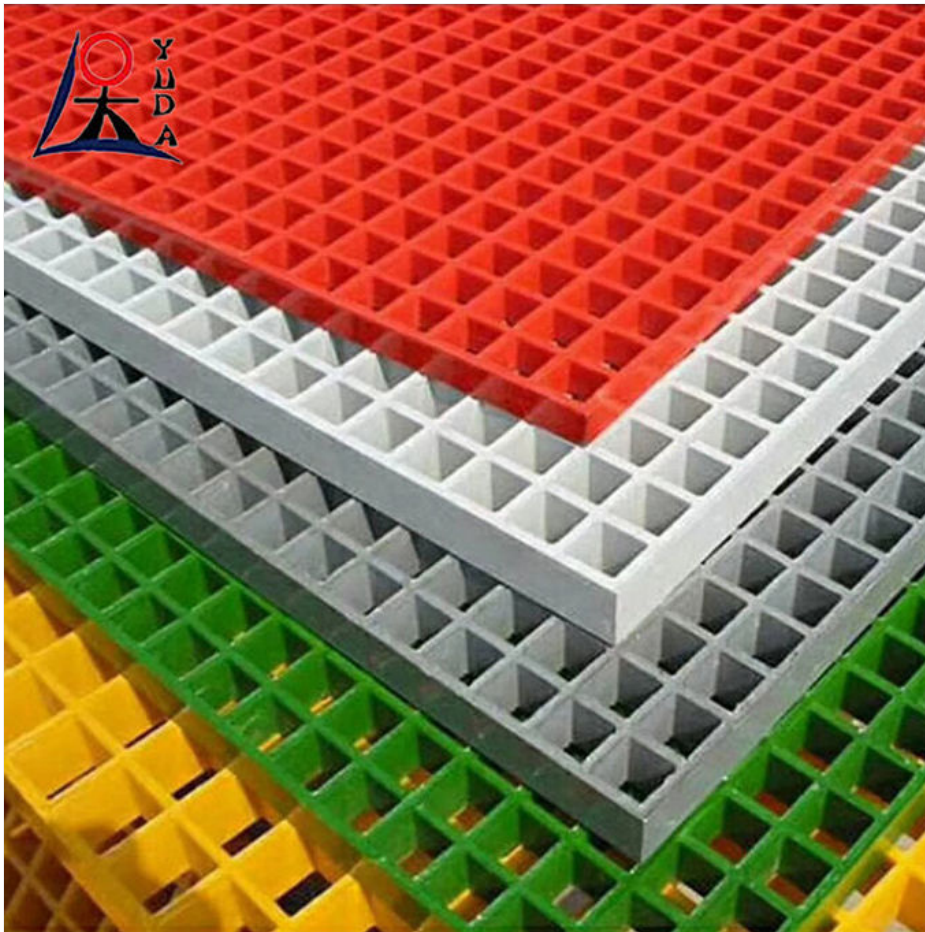

**When will the goods be delivered?**

Delivery typically takes about 15 days, depending on order quantity.

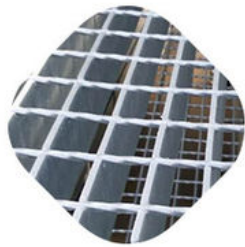

**What about after-sales service?**

We provide online technical support for all our products.
