

Building Materials Low Price Galvanized Floor Steel Grating Plate

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Yuda
- Certification: IOS
- Model Number: steel grating
- Minimum Order Quantity: 10pieces
- Price: \$10/m2
- Packaging Details: tray
- Delivery Time: 3-10days
- Payment Terms: T/T, L/C, D/A, D/P, Western Union, MoneyGram,
- Supply Ability: 5000pieces/day

Product Specification

- Features: High Strength, Anti-corrosion, Anti-slip, Easy To Install
- Product Name: Steel Grating
- Key Words: Hot Sell Metal Building Materials Hot Dipped 30 X 3mm Galvanized Steel Grating
- Material: Mild Steel
- Use: Industry
- Crossing Rod: 6mm X 6mm
- Width: 0.3-1.5m
- Bearing Bar Type: Plain Type, Serrated Type, I Bar Type
- Highlight: **Galvanized Floor Steel Grating Plate, Building Materials Floor Steel Grating Plate, Low Price Floor Steel Grating Plate**

Product Description

Building Materials Low Price Galvanized Floor Steel Grating Plate

Steel Grating made by welding with flat steel and cross/round bars with certain distances. Our Steel Grating enjoy the feature of high strength, light structure, high bearing, convenience for loading and other properties. The hot dipped zinc coating gives the product excellent anti-corrosion.

Steel grating, also known as bar grating or metal grating, is an open grid assembly of metal bars, in which the bearing bars, running in one direction, are spaced by rigid attachment to cross bars running perpendicular to them or by bent connecting bars extending between them, which is designed to hold heavy loads with minimal weight.

Flat Type: The most widely used, mainly used for platforms, walkways, trench covers, step plates, etc.

Serrated Type: Better anti-slip and safer than the Flat Type.

I Bar Type: Lighter weight and more economical than the Flat Type.

Material:

Excellent material, strong and durable.

Our steel grating is made of high-quality galvanized Q235 steel, ensuring excellent durability and corrosion resistance. It can withstand long-term outdoor use without rusting or corroding, ensuring a long lifespan.

Strength:

High strength, low damage.

It can efficiently handle vehicle and pedestrian traffic while maintaining excellent drainage performance. Pressure welding structure of the product makes it strong and durable. Cars crushing the driveway drain cover will not cause any deformation or denting, making it very safe.

Product Name	steel grating
Material	galvanized steel / stainless steel
Surface	plain / serrated
Bearing bar	Flat bar
Cross bar	Twisted bar / flat bar / round bar
Length(span)	support customization
Width	support customization
Bearing bar depth	25-60mm
Bearing bar thickness	3-5mm/ support customization
Bearing*cross bar pitch	30*30mm/ 30*50mm/ 30*100mm/ suppot customization

FAQ

Q1. Are you manufacturer or trader?

A: We are a manufacturer of building materials with a reputation for cost-effective products.

Q2. What are your payment terms?

A: T/T 30% as deposit, and 70% before delivery.

Q3. What is the delivery time?

A: Delivery within 15-30 days after receipt of deposit or L/C at sight. It depends on product and quantity.

Q4. Can you provide samples?

A: We can provide samples according to your requirements, but the customer must pay the cost of the samples. We will refund the sample fee after the bulk order is confirmed.
