

Galvanized Steel Welded Mesh Metal Fence Gi Wire Weld Iron Wire Net

Our Product Introduction

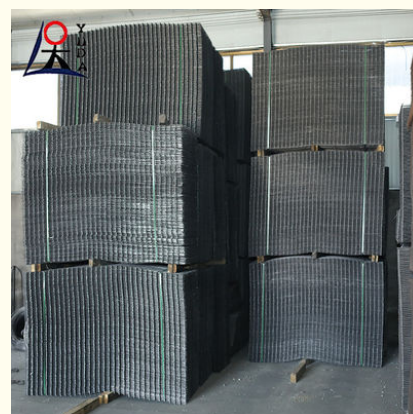

Basic Information

- Place of Origin: CHINA HEBEI
- Brand Name: YUDA
- Model Number: Welded wire mesh
- Minimum Order Quantity: 10 roll
- Price: Determined by size and quantity
- Packaging Details: Customized according to buyer's requirements
- Delivery Time: 3-10 day
- Payment Terms: L/C,D/A,D/P,T/T,Western Union,MoneyGram
- Supply Ability: 5000 roll/ day

Product Specification

- Product Name: Welded Wire Mesh
- Key Words: Fine Wire Diameter
- Hole Shape: Square,Rectangle
- Wire Diameter: 2.0-4.0mm Or Custom
- Hole Size: Customer Request
- Surface Treatment: Galvanized/pvc Coated
- Characteristics: Corrosion-resisting And Oxidation-resisting.
- Welding Type: Galvanized Before Welding, Galvanized After Welding
- Highlight: **Galvanized Steel Welded Mesh Metal Fence, Gi Wire Weld Iron Wire Net**

Product Description

Galvanized Steel Welded Mesh Metal Fence Gi Wire Weld Iron Wire Net

Welded wire mesh panel is a mesh made of high-quality low-carbon steel wire that has been straightened and cut and then welded by electric welding equipment. Panel has thicker wire diameter and larger opening sizes. The welded wire mesh can be divided into welded mesh rolls and welded wire mesh panels.

Double Wire Mesh Fence is welded with one vertical wire and two horizontal wires; According to wire thickness, the fence can be divided into 6/5/6 type and 8/6/8 type. This can be strong enough, compared to the normal welded fence panel. It's easy to install, and has great resistance of rust and corrosion; can also extend decades of service life with low maintenance cost.

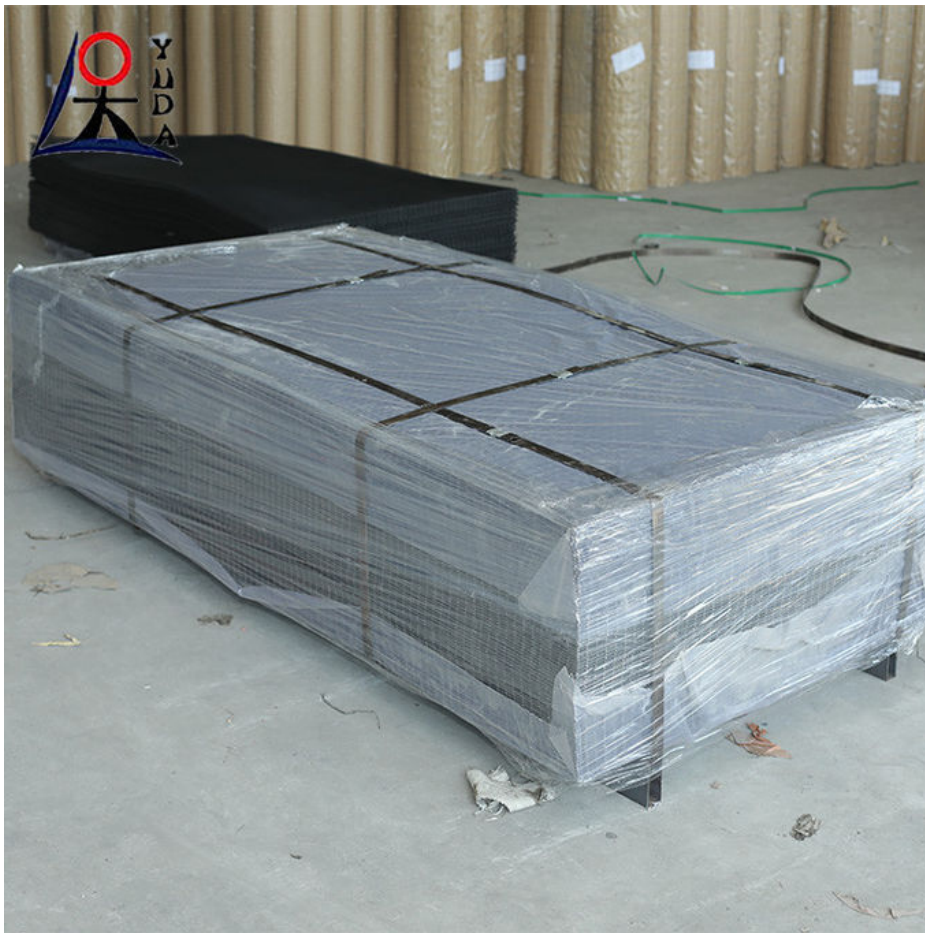

Feature:

1. More solid: Stable and robust structure constructed from double horizontal wires and vertical wires.
2. Horizontal wire: Horizontal wire Twin Wire 8/6/8 or 6/5/6 Fencing Mesh Double Wire Mesh Wrought Iron Style Fence.
3. Beautiful appearance: the mesh surface is flat, and the perspective is higher. The top shape is more beautiful.

Application

It is recommended for professional fencing of schools, playgrounds, parks, sports grounds, public buildings, factories, workshops, airports and military sites.

Philippines Welded Wire Mesh Specification				
Surface Treatment	Specification	Wire Diameter	Weight	Package
Electro Galvanized	1/2"*1/2"*3ft*25 m	0.457mm	7kg	Moisture proof paper+plastic film Customization
	1"*1"*3ft*25m			
	1"*1"*4ft*25m	0.61mm		
	1"*1"*3ft*30m	0.7mm 0.65mm		
PVC Coated	1/2"*1/2" 3ft*30m		15kg	
	2"*2" 6ft*25m	1.2mm	10.8kg	
Hot Dipped Galvanized	2"*2" 4ft*25m	2.9mm		
Customizable in size, packaging, and surface treatment				

PACKING & DELIVERY

WELDED WIRE MESH

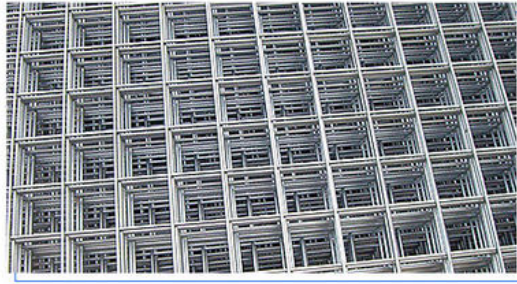

PRODUCT DETAILS

NO.1

HIGH QUALITY

Hot dipped galvanized surface treatment make the wire mesh have strong corrosion resistance and long service time.

NO.2

STRONG SOLDER JOINT

360°fulling welded makes the solder joint stronger.
