Product Description

Outdoor Aluminum Sunshade Sunscreen Net Roll Agriculture Sun Shade Mesh

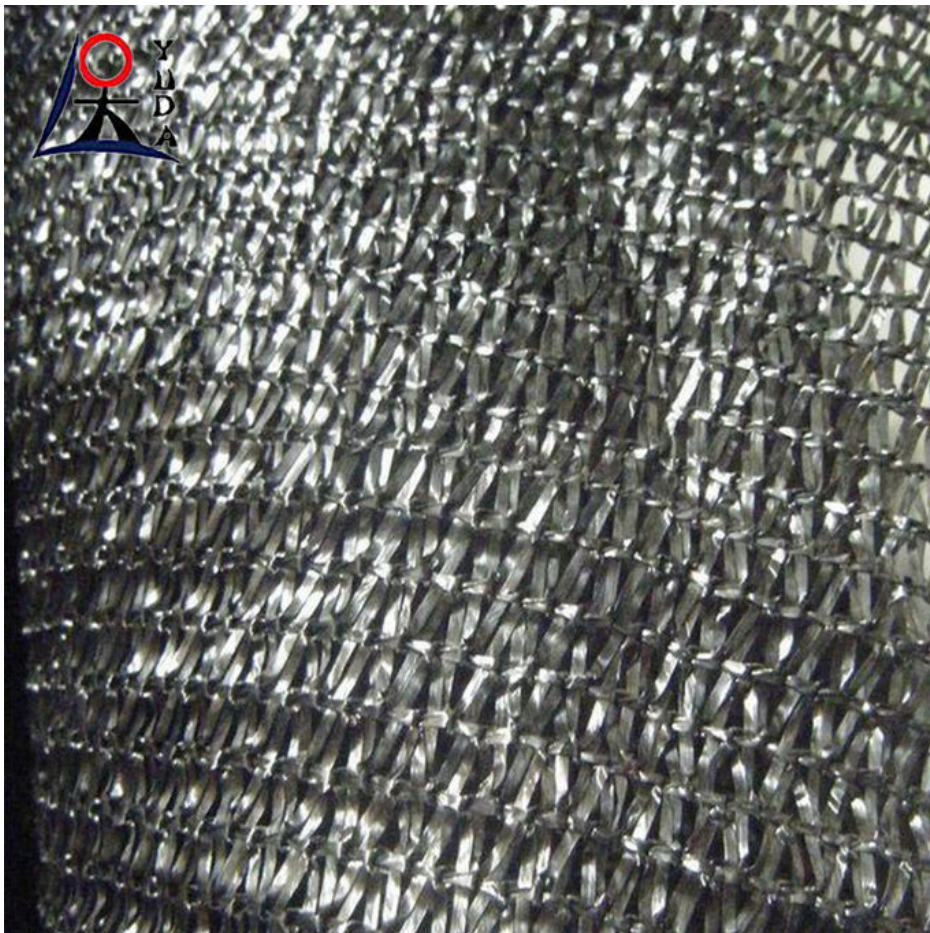

Aluminet is a high quality metallized knitted screen. The tapes are manufactured with a special anti-oxidation and UV-resistant coating, giving the screen durability and longevity.

Aluminet moderates day/night temperatures, enabling microclimate control in greenhouses. It provides uniform shadow, controls air movement and provides optimum diffused light transmission to the crops. Aluminet heat curtain protects against frost radiation and saves energy in heated structures due to its high reflectivity.
