

Ultra Fine Stainless Steel Mesh Screen Sieves For Decorative Net Disc Customizable Wire Diameter And Mesh

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: YUDA
- Model Number: Stainless steel wire mesh
- Minimum Order Quantity: 10 roll
- Price: Determined by size and quantity
- Packaging Details: Customized according to buyer's requirements
- Delivery Time: 3-10 day
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 rolls/ day

Product Specification

- Product Name: Stainless Steel Wire Mesh
- Key Words: Stainless Steel Wire Mesh
- Material: SUS302,304,316,304L,316L Etc.
- Mesh: 1-3200mesh Can Custom
- Width: 0.5m-3m Or Customized
- Wire Diameter: Customized According To Customer Requirements
- Type: Weave Wire Mesh
- Weave Style: Plain Weave, Twill Weave, Dense Weave
- Highlight: **Ultra Fine Mesh Screen Sieves,
Fine Stainless Steel Mesh Screen,
Customizable Stainless Steel Mesh Screen**

Product Description

Ultra Fine Stainless Steel Mesh Screen Sieves Decorative Net Disc

Stainless steel wire mesh, with its unique material characteristics and processing technology, has demonstrated significant advantages in numerous filtration, screening, and protection scenarios

The core advantage of stainless steel wire mesh lies in its excellent corrosion resistance

Mainstream materials such as 304 stainless steel contain 18% chromium and 8% nickel, which can form a passive film in the atmosphere and weak acidic and alkaline environments (such as rainwater and ordinary cleaning agents), effectively resisting oxidation and corrosion; 316 stainless steel has more outstanding corrosion resistance to harsh environments such as seawater, brine, and strong acids (such as sulfuric acid and phosphoric acid) due to the addition of molybdenum element, far exceeding ordinary metal mesh (such as iron mesh and copper mesh).

This characteristic makes it suitable for long-term use in chemical production (acid and alkali solution filtration), marine engineering (seawater treatment), sewage treatment (filtration of water containing chemical pollutants) and other scenarios, with a service life 5-10 times longer than ordinary metal mesh.

Product Name	Stainless Steel Woven Wire Mesh, Wire Cloth
Stainless Steel Grade	304, 304L, 316, 316L, 310s, 904L, 430, etc
Special Material Options	Inconel, Monel, Nickel, Titanium, etc
Wire Diameter Range	0.02 - 6.30mm
Hole Size Range	1 - 3500mesh
Weave Types	Plain Weave Twill Weave Dutch or 'Hollander' Weave Plain Dutch Weave Twill Dutch Weave Reverse Dutch Weave Multiplex Weave
Mesh Width	Standard less than 2000 mm
Mesh Length	30m rolls or cut to length, minimum 2m
Mesh Type	Rolls and sheets are available
Production Standards	ASTM E2016 - 20

FAQ

Q: I have a sample of the mesh I need but I don't know how to describe it, can you help me?

A: Yes, please send us the sample and we will contact you with the results of our examination.

Q: Can I deform and further process the mesh?

A: Yes, any kind of deforming and processing is possible.

Q: Do you provide sample? is it free or extra ?

A: Yes, we could offer the sample for free charge but do not pay the cost of freight.

Q: How long is your delivery time?

A: Generally it is 3-10 days if the goods are in stock or it is 10-20 days if the goods are not in stock, it is according to quantity.

Q: What's your terms of payment?

A: 30% T/T in advance, balance paid before shipment.
